

## Social Distancing Guideline

In order to prevent the spread of the COVID-19 virus, provide a safe environment for our customers and staff, and to comply with federal and local regulations and suggestions, we must ask you that you follow these guidelines.

- Upon arrival, check in at the wine store and wait to be directed to your tasting area by a Blakeslee Vineyard Estate staff member.
- Maintain at least six feet of distance between you and other people other than people in your group.
- The use of face coverings is encouraged for when you move through the property. You may remove your face covering at the tasting location.
- Remain with your group as much as possible and only separate from them if necessary, i.e. to go to the restroom.
- Frequently wash and/or disinfect your hands. There is hand sanitizer available throughout the tasting areas and wine store.
- Stay home if you are not feeling well, have a fever or other COVID-19 symptoms, or if you think you may have been expose to the virus recently. We will gladly reschedule your tasting for a later date.

We appreciate your cooperation in following this guide and look forward to seeing you again. Please note that you may be denied service and be asked to leave if you do not observe appropriate social distancing during your visit.

Thank you for your support and understanding.

Sincerely,  
Bill & Sheila Blakeslee  
Owners  
Blakeslee Vineyard Estate
